i-manager Publications is a leading publishing house specialized in publishing Scientific, Technology, Education and Management Journals. The first Journal “i-manager's Journal of Educational Technology” was released way back in 2004, and the first Engineering Journal, “i-manager's Journal on Engineering and Technology” was released in 2005. The credibility and impact of these publications in the Indian economic and academic environment reinforced the founding vision of i-manager Publications: promoting technology education and present international research worldwide.

i-manager's Journal on Instrumentation Engineering focuses on the principles and operations of measuring instruments that are used in design and configuration of automated systems in electronic, pneumatic, and hydraulic instrumentation systems. The aim of the Journal is to disseminate knowledge of the latest trends and developments in the field of industrial automation.
