i-manager Publications is a leading publishing house specialized in publishing Scientific, Technology, Education and Management journals. The first "i-manager's Journal on Educational Technology" was released way back in 2004, and the first Engineering Journal, "i-manager's Journal on Engineering and Technology" was released in 2005. The credibility and impact of these publications in the Indian economic and academic environment reinforced the founding vision of i-manager Publications: promoting technology education in India and present international research worldwide.

i-manager's Journal on Civil Engineering aims to provide an Educational experience of the highest quality to the Students, Engineering Professionals, Industry, University Academic bodies and society embracing an appeal for a new, enhanced role for the profession. The Journal on Civil Engineering would be a platform for researchers in the field of Civil Engineering to share their views and to enhance the younger generation's research skills to successfully practice the new dimensions of Civil Engineering.
