

i-manager's Journal on Wireless Communication Networks (JWCN)

Published by i-manager Publications, India.

<http://www.imanagerpublications.com>

Editor-in-Chief: Dr. M. Murugan
Vice-Principal & Professor
Department of ECE,
Valliammai Engineering College, Kancheepuram, India.

Corresponding Editor: Ms. J. Jebisha

Call For Papers

Volume: 6 No: 2

i-manager Publications is a leading publishing house specialized in publishing Scientific, Technology, Education and Management Journals. The credibility and impact of these publications in the Indian economic and academic environment reinforced the founding vision of i-manager Publications: promoting technology education and present international research worldwide.

i-manager's Journal on Wireless Communication Networks will focus on networks extremely portable because of digital modulation, adaptive modulation, information compression, and access multiplexing. Wireless networks are generally implemented and administered using a transmission system and this implementation takes place at the physical level of the network structure. The Journal aims to focus on high quality papers from academia and

practitioners in all areas of Wireless Communication Networks.

Why Publish with us?

- No Publishing Fee
- Abstracting & Indexing in leading databases
- Double-blind peer review
- Highly qualified editorial board
- Publishing Journals since 2004

Abstracting / Indexing

Submission email : submissions@imanagerpublications.com

Overall Topics covered:

- ◆ Wireless Networking
- ◆ Wireless Communications
- ◆ Mobile and Wireless Networks
- ◆ Wireless Networks Security
- ◆ Wireless LAN Implementation
- ◆ Cloud Networking
- ◆ Network Management & Virtualization
- ◆ Network Security & Infrastructure
- ◆ Wireless Networking systems and Trends
- ◆ Wireless Physical Layer Concepts
- ◆ Wireless Ad Hoc Networks
- ◆ Aeronautical Wireless Networks
- ◆ Wireless Mesh and Multi-Hop Relay Networks
- ◆ 3G Wireless Technologies
- ◆ Wireless Sensor Networks
- ◆ Mobile Systems & Applications
- ◆ Wireless Technologies for Humanitarian Relief
- ◆ Wireless Network Testbeds
- ◆ Wireless Data Networks
- ◆ Wireless Pervasive Computing (ISWPC)
- ◆ Multihop and cooperative communications
- ◆ Data Networks and Telephone Networks
- ◆ Wireless mobile computing
- ◆ Network Architectures, Operations & Management
- ◆ Agent Computing & Multi-Agents Systems
- ◆ Wireless Cellular Networks: 5G and above
- ◆ Intelligent vehicular Technologies
- ◆ IoT security
- ◆ Energy-aware Architectures
- ◆ Environmental Monitoring
- ◆ Wireless M2M Communication
- ◆ WSN in Medicine

Features

Articles, Research Papers, Review Papers.

Periodicity

January-March, April-June, July-September, October-December

Target Audience

Academicians, practitioners and post-graduate students in the field of Wireless Communication Networks, University Educational Bodies, Researchers, etc..
